The claims allowed amount

to over one and a half millions of dollars. -The Chassepot rale did wonders in the battles with Garibaldi in Italy. The correspondent of a Paris new paper says: "The Chassepot musket has astonished the army. It kills or inflicts wounds which are worse than death. The noise made by the firing does not resemble the sound of the old musketry; it is a continuous rolling, which fills the mind with vaspeakable terror.'

THE DAILY NEWS. last there was a dozen criers, offering something like \$200,000 worth of property, without exciting much attention. The sales of the whole day hardly amounted to \$30,000. At this time last year, from a quarter to a third of a million were frequently disposed of.

-The stupid conduct of the young King of B: varia is said to be due in great part to the stapidity of his father, who educated him like a martinet. I am master here, now." He had never been to the theatre. The first night he visited an opera heuse, Wagner's "Tannhauser" was played. He vas so delighted he thought Wagner a demigod.

This is the origin of his passion for Wagner. -Weston's arrival at Chicago, safely and "o time," on Thursday morning, has put an end to a great deal of unpleasant suspense. Weston's feat of walking 12374 miles in twenty-six walking days is probably unparalleled. He wins by his success four-tenths of the stake of \$10,000, or \$4,000, the remainder being forfeited by his not having succoeded in walking one hundred miles in twentyfour bours. It is reported that Weston, who will remain in Chicago about two weeks, will during that time make an attempt to walk the hundred miles in twenty-four hours on the Chicago Race Course, known as the Dexter Park.

-Maximilian's estate in Europe is giving trouble to his executors. His chateaus at Miramar and Lacrome are estimated at about \$1,500 000, but instead of yielding any profit they cost \$30,000 to keep them up, besides being mortgaged for \$100,-000. There is some difficulty about his debt at Trieste, which amounts to more than \$1,000,000. The Belgian executors, in the interest of their sisters, wish these debts to be paid by Austria, on the ground that they were contracted in the public service. This is contested by the Austrian imperial family. The unfortunato Princess Carlotta, it is said, would willingly pay her husband's debts from her private purse, if she was in a state to authorize such a measure, but her insanity prevents it.

#### The Work Before Congress.

Congress assembled for the regular session which closed last week has been a complete -Fitz Greene Halleck's last words were, "hand fizzle. It accomplished absolutely nothing, and was marked by not a single feature of interest, if we except the report of the Judiciary Committee on the impeachment of the Presi-

dent. But for the session which has now be the municipal government of that city \$1,067,889 08; gun, there will be plenty of work—and work of a kind that will give trouble to the dominant party. The financial question looms up in various phases and in threatening proportions. Taxes are to be equalized. The currency is to be tinkered. New funding loans, to run thirty or fifty years, are projected. It is proposed to tax Government bonds one per cent. The polgiven to figurative expressions, said in a sermon, icy of steady contraction has hosts of enemies on Suaday last, that the columbiad of a pure as well as friends, and will not be allowed to triumph without a struggle. The repeal of the cotton tax is a concession that must be yielded to the great Northwest; but it will arouse a terrible clamor for similar treatment of other ous season than has been known for some years is interests. And last, but not least, the whole Reconstruction scheme will come up for a thorough overhauling. Thus the Radicals are likely to have their hands full, and the next few months will be for them indeed a "winter of discontent."

#### The City Debt.

There has been considerable caxiety with regard to the effect on City stocks and bills of any possible action on the part of the military authorities in relation to the government of the

Judging by the conduct of General CANBY, in supporting the credit of the State, by approving the acts providing for the issue of Chancellor of New York, died at Saratogs on State bills receivable, there is little reason to Thursday. His legal reputation was not comined fear that he will do, or permit to be done, anyto any State, and his name will be remembered thing that would depreciate the City finances or impair in any way the value of its legal debt.

Charleston City stocks should be a safe and profitable investment, and it is not believed 63,994 602 miles of thread are made per working that the military authorities will adopt any measure that will throw the least suspicion or doubt upon them. Every house and every foot of land in Charleston is responsible for the City debt,-a debt that will most certainly be paid in full, whatever may be the fate of the

Resides this, retrenchment has been begun. The expenses of the City will now be kept down to the lowest point; expenditures will be balanced by receipts; and the City Treasury may be expected to be able, once more, to meet the demands upon it.

# No Trade Diverted from Charleston

There was never a greater triumph of a deliberate and well considered policy than is made known by the report of a committee of stockholders of the Wilmington and Manches-

ter Railroad published in our issue of yesterd .y. The committee say that, in consequence blocked up, and cannot be opened to Augusta. Atlanta, Macon, Montgomery, and Mobile, unless some Charleston interest is conciliated or

some concession made by other parties to Charlotte. This "adverse interest" is the "Charleston interest" as represented by the South Carolina Railroad, and the "blocking up" was the -It is stated that the four sisters of Duffy, the determination of that company not to allow any freight which belonged to this city to be diverted by any "adverse interest" to any other port. The committee say, also, that the South Carolina Railway Company is averse to having a fast freight line over its Columbia branch from Kingsville to Augusta, and that, in consequence,-while cotton is being taken from Atlanta to New York, by railway and steamers, via Lynchburg and Norfolk, a distance of some

mington to the same point,-this Wilmington The committee do not say that the South because to keep it open would have been to do an injury to Charleston; nor does it say that, while the Wilmington route could not get s single bale of cotton from the South and West, Charleston was receiving tens of thousands of bales from Montgomery, Mobile, and the interior of Georgia. The South Carolina Road resolved to carry cotton by Charleston to New York at the same rate at which it could be carried by any other route. PHILADELPHIA UNIVERSITY MEDICINE AND SURGERY.

BRICK RESIDENCE, No. 44 Calhoun-street, opposite Citade. Green, containing four square rooms, dressing room and pantry, brick kitchen with two rooms, fine yard, with cistern, well of water, and all necessary outsuifolgs. Gas throughout the house.

Apply to JOHN S. HORLBECK,
Southwest corner Calhoun and Meeting-sts. THE PHILADELPHIA UNIVERSITY OF MEDICINE AND SURGERY was organized in 1848. Chartered by the Legislature, February 26, 1853. Name changed by a legislative enactment to the Eclectic Medical College, of Philadelphia, in 1860. In 1883 it purchased the Pennsylvania Medical College, established in 1342, and the Philadelphia Medical College, which had previously been merged into the Pennsylvania Medical College. En 1864 it purchased the Penn Medical University. The Trustees of the separate schools united, peditioned and obtained a special Act of the Legislature, consolidating these institutions and challenging their names to that of the Philadelphia University of Medicine and Surgery, March 16, 1865. All these various Acts are published in the statutes of Pennsylvania. The cost of the 1 uilding and museum was over one hundred thousand dollars. It will be observed that the University, as now organized, is the legal representative of the four Medical Colleges that it has absorbed. It is a liberal school of medicine, confined to no dogma, nor attached to any medical cliques, but embraces in its teaching everything of value to the profession.

Sessions.—It has two full sessions each year, commence ing on the lat of October, and continuing until the lat of January, as its first session, and from the lat of January to the lat of April, as its second; the two constituting one full course of lectures. It has also a summer session, commencing the lat April and continuing until August, for the preparatory branches, such as Latin, Greek, Mathematics, Botany, Zoology, Chemistry, Anatomy Physiology, etc.

TO LEASE FOR A TERM OF YEARS, the VALUABLE ESTATE belonging to the late Colonel Keitt, situated in Orangeburg District, consisting of 3500 acres, two-thirds cleared. The soil is rich red clay, fine for al kinds of crops. The Estate is watered by a large creek, on which is a FINE MILL SEAT AND DAM COMPLETE; the Lest water-power in the State for Mills and Factories; situation healthy all the year round. On the place are sixty laborers (freedmen), who would contract cheaply, as they desire to remain. The Estate will be leased for a term of years in one body, or in farms to suit small capital. For terms, apply to MOWRY & CO.

November 12 Physiology, etc.

Tickets.—Tickets to the full course of lectures \$120. Tickets.—Tickets to the full course of lectures \$120, or \$60 for each session. For the summer or preparatory course \$25. Graudating tee \$20. To aid young men of moderate means, the University has issued five hundred scholarships, which are sold to first-course students for \$75, and to second-course students and clergymen for \$50, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional tees are a yearly dissecting and matriculating ticket, each of which is \$65. The Advantages of Scholarships.—The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the institution as frequently as delired.

It requires no previous reading or study to enter the University on scholarships, hence, all private tuition fees are saved. TO LEASE.-THE GLEBE PLANTATION on the Western branch of Cooper River will be leased for one or more years from the 1st January, 1868s It contains 100 acres of prime River Swamg Rice Land and about 100 acres of Upland for Cotton or Provisions

Students, by holding scholarships, can prosecute other business a part of the time.

The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.

In case a student should hold a scholarship and not be able to attend lectures, it can be transferred to another, thus preventing any loss.

Parents, guardians or friends of students wishing to purchase scholarship for them a year or more before their attendance at the University, can secure them by advancing one-half the price and paying the balance when the student enters. Physicians and benevolent men can bestow great benefit upon poor young men by presenting them a scholarship, and thus enabling them to obtain an honorable profession.

The Faculty embraces seventeen eminent physicians and surgical disease is operated on and treated in the presence of the class.

surgical disease is operated on and treated in the pres-ence of the class.

College Building.—The College building, located in Ninth street, south of Walnut, is the finest in the city. Its front is collegt gothic, and is adorned with em-batilements and embrasures, presenting a novel, bold, and beautiful appearance. The facade is of brown stone, ornariented by two towers, rising to the elevation of eighty feet, and crowned with an embattled parapet. The building contains between fifty and sixty rooms, all supplied with water, gas, and every other convenience supplied with water, gas, and every other convenience that modern improvement can contribute to facilitate medical instruction. Only ave hundred scholarships will be issued, and as two hundred and fifty are now sold, those who wish to secure one should do so at once. Money can be remitted by express, or a draft or check sent on any National Bank in the United States, when the scholarship will be returned by mail, signed by the President of the Board of Trustees, JOSEPH S. FISHER, Esq., and the Dean of the Faculty, W. PAINE, M. D. All orders for scholarships or other business of the University, should be addressed to Professor W. PAINE, M. D., Philadelphia, Pa.
